

Maths

Multiplication and Division 2

Factor Pairs

Multiplying and Dividing using formal, and informal, methods.

Length and Perimeter

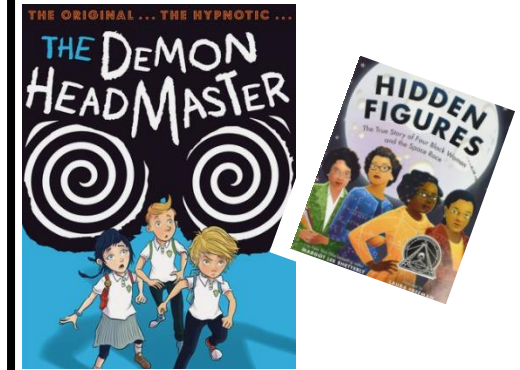

Find the perimeter of a rectilinear shape.

English

This term, we will be reading the 'Demon Headmaster' by Gillian Cross as a Class.

In the first week back, we will be writing our own creative writing pieces to enter into the Faversham Literary Festival competition. For the rest of the term, our writing will be inspired by our topic of Road Trip USA. We will be writing fact files about the USA. We will also be learning about the civil rights movement and reading the speech 'I have a dream' by Dr Martin Luther King. We will then use this as a spring board for writing and performing our own inspirational speeches.

Exciting Books

R.E.

In RE this term, we will be learning about Jesus and how many people find him an inspirational figure.

Road Trip USA

Year 4 Term 3

Topic

In Topic this term, we will be learning about the USA, looking at its physical and human geography as well as exploring some of its history. We will be using maps to locate it and Canada. We will be drawing comparisons between our country and the USA.

Spanish

En la clase/ en mi estuche

In Spanish, we will be learning about School, Classrooms and Pencil Cases.

Topic Key Vocabulary

continent country state

human geography physical geography

physical and human features landmarks

Computing

In computing, we will be learning about programming. We will be using text-based inputs and count controlled loops to create our own patterns.

Science

In Science this term, we will be learning about the digestive system. We will be identifying the key parts and exploring their function. As part of this, we will also learn about the teeth.

PE

Our PE day will be Thursday and Fitness will be on Monday. We will be participating in a Wake and Shake competition in school. We will be learning about training in Circuits and making shapes in Gymnastics.

Science Key Vocabulary

Key Vocabulary	
digest	Break down food so it can be used by the body.
oesophagus	A muscular tube which moves food from the mouth to the stomach.
stomach	An organ in the digestive system where food is broken down with stomach acid and by being churned around.
small intestine	Part of the intestine where nutrients are absorbed into the body.
large intestine	Part of the intestine where water is absorbed from remaining waste food. Faeces are formed in the large intestine.
rectum	Part of the digestive system where faeces are stored before leaving the body through the anus.
teeth	Hard structures in the mouth that help with biting and chewing food.

Art

In Art this term, we will be taking inspiration from North American Art. We will be looking at Native American Art and making our own weavings. We will then move on to learn about the art of Amy Sherald and learn how to shade in greyscale.

Magic Moments (Enrichment)

- Entering our own writing in Faversham Literary Festival
- STEM Week

PSHE

In PSHE, we will be learning about anti-bullying and discrimination.

Music

In Music, we will be continuing with our Recorder lessons.
